### **DETAILED ACTION**

1. In an amendment dated, March , 14<sup>th</sup>, 2008 the Applicant amended claims 28, 35, 52, 91 and cancelled claims 24-27, 32-34, 36-46, 48-51, 53-62, 84-90 and 92-94. Currently claims 28-31, 35, 52, 64-66, 74-78 are 91 pending.

### ***Reissue Applications***

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be "material to patentability as defined in 37 CFR 1.56."

The reissue oath/declaration filed with this application is also defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

3. Claims 28-31, 35, 52, 64-66, 74-78, 91 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

The applicant is advised that the traditional reissue oath/declaration form PTO/SB/51 and guidance for setting forth a clear error can be found in section 1414 of the MPEP.

***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claim 91 recites the limitation "said arm member" in line 1 of page 11 of the amendments. There is insufficient antecedent basis for this limitation in the claim.

It appears that Applicant has inadvertently omitted the limitations of claim 90 when claims 84-94 were combined to form the new claim 91.

***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
